8 November 1960

MEMORANDUM FOR : Acting Chief, Development Projects Division
SUBJECT : Meeting with Mr. Bissell, 9 November 1960

1. Mr. Bissell called this morning to request a meeting in his office at 4 p.m., Wednesday, 9 November, at which time he wishes to discuss the following:

a. Status of proposed agreement with [redacted] 25X1
U-2 Detachment.

b. Status report on CIA U-2 inventory.

c. Future status of U-2 and personnel resources at Detachment B.

d. Status of possible [redacted] U-2 units. 25X1

e. Status of proposed U-2 modifications.

2. Mr. Bissell has also asked me to visit Ambassador Cumming to advise him of our approval on the [redacted] Detachment and to sound him out regarding possibilities of creating a [redacted] Detachment in the future. Mr. Bissell does not wish me to bring up on my own the question of a [redacted] U-2 unit, since he is fairly well convinced he must personally discuss this with Secretary Harter, Under Secretary Dillon, or Under Secretary Merchant; however, if Mr. Cumming brings the matter up, I should attempt again to get his latest views on this. 25X1 25X1

3. At present Mr. Bissell intends to favor reducing the number of U-2's at Adana further to one aircraft and only those personnel required in place to hold our franchise, i.e., one or two pilots and minimum support
